What is TechShare?

TechShare is a service where you can request library books from other colleges in the Technical College System of Georgia (TCSG).

Who can use TechShare?
Students, Staff, and Faculty at all TCSG colleges

What can I borrow?
Circulating books only. AV materials and reference books are not available through TechShare.

How long can I keep the book?
28 days, with 2 automatic renewals

Is there a cost?
No. There are no overdue fines, but you will be charged a replacement cost if you lose or damage a book.

Can the book be recalled?
Yes, and fines may apply if the book is not promptly returned.

TechShare lets you utilize library collections from 22 TCSG colleges across Georgia.

TechShare gives you access to books that might be unavailable to you at your college. Remember to use the Request options to find the information you need.

Requests through TechShare should arrive to your college library in 3-4 business days.

Book Requests in TechShare can be delivered to any TCSG library. You are not limited to your home library’s collection.
How do I make a TechShare request? It’s easy! Follow the steps below:

1. Sign into Primo (library catalog) and search for the item you want. Once you have found the item, select the other institution you would like to request it from under “Get It from Other Institutions.”

2. Select the institution to borrow from and select Request.

3. The Pickup Institution will default to the location that you are requesting from. Change Pickup Institution to your institution. Select request. That’s it! Now, wait to receive an email that the book has arrived at your college library.
