

TITANS CARE

■ What is TITANSCARE?

The mission of TitansCARE is to provide a proactive and supportive multi-disciplinary team approach to campus safety by identifying individuals who demonstrate behaviors that are disruptive or threatening.

Our GOALS

- Provide a safe physical environment for members of the college community.
- Provide a safe emotional environment for the college community.
- Promote peace of mind for friends and family of the college community

■ Why a TITANSCARE Team?

The TitansCARE Team assists faculty, staff and students in addressing situations where a person is displaying disruptive, threatening or distressed behavior.

The TitansCARE team examines reports of distressing situations to evaluate risk levels and identify persons whose behavior may endanger their own or others' health and safety. TitansCARE meets, as needed, to review and analyze information in order to address the needs of students who are experiencing significant behavioral disturbances.

Titans Care is not crisis management. A crisis may be defined where a person may pose an active or immediate risk of violence to self or others. Anyone in the ATC community who observes an emergency or behavior that is dangerous or severe should contact ATC Campus Police at 229-430-4711 or 911 immediately.
